Instructions to Candidates

1. Check that the following materials have been provided:
   - One piece 240mm long, planed to 40mm wide and 30mm thick.
   - One piece 150mm long, planed to 30mm wide and 30mm thick.
   - One piece 120mm long, planed to 30mm wide and 24mm thick.
   - One piece 160mm long, planed to 40mm wide and 30mm thick.
   - Two name tags. One to be attached to the work piece and the other one to be tied to the bag.

2. A second supply of wood is Not allowed. If you make a mistake, do your best to work as near to the details given in the drawing as possible. All pieces of wood should be finished to the correct lengths and their ends neatly trimmed with a plane.

3. Attempt to finish all parts of the test.

4. You may use any of the ordinary hand tools but the use of adhesives, glass paper, files, rasps and scrapers is not allowed.

5. Additional marks may be gained if the work is rightly cleaned off with a finally set smoothing plane before being finally assembled.

6. Write your name and examination number boldly and clearly on each of the pieces of wood in capital letters and number 6mm high. Attach a tag with your name in full, examination number, centre number and centre name.

7. Assemble your work and put in a polythene plastic bag before handing it to the Supervisor.

8. Any dimensions omitted are left to you discretion.
